

Training In Clinical Proteomics (TICP) Workshop

The training in clinical proteomics (TICP) for clinical researchers and medical professionals, program is Institute of Bioinformatics (IOB) flagship training course. IOB is a premier center for proteomics and computational biology. IOB has established a state-of-the-art proteomics facility, that is being utilized to explore and validate clinical biomarkers in a wide array of human diseases ranging from neurological disorders and infections to cancers.

Scientist at IOB will share their expertise in using high-resolution proteomic technologies with clinical professionals, residents and advanced medical students through this workshop. We have initiated this workshop to bridge the gap between the clinicians and researchers.

This 4-day long highly practical course explores the relevance of clinical proteomics in clinical research and summarizes their application to clinical and biological research. As a part of this intensive training each participant will get hands-on training for sample preparation and mass spectrometry derived proteomic data analysis.

Registration details

Register online at:

http://www.ibioinformatics.org/registration_proteomics.php

Registration fee

Registration fee can be paid through demand draft or online cash transfer.

Students and all participants from

North-East India and Jammu & Kashmir:

Rs. 15,000

Clinicians and faculties from academia:

Rs. 20,000

Participants from Industry:

Rs. 30,000

For more information

Visit: <http://www.ibioinformatics.org/workshop/TICP>

Workshop dates

March 27-30, 2014

**Venue: Institute of Bioinformatics,
Whitefield, Bangalore**

Focus of the workshop

- **Principles of Mass spectrometry**
- **Tissue sample preparation methods**
- **Fractionation techniques**
- **Depletion/enrichment strategies**
- **LC-MS/MS data analysis**

Who should attend

- **Students from biomedical field**
- **Resident doctors**
- **Post-Doctoral fellows**
- **Faculties from medical and engineering colleges**
- **Researchers and students from academic institutes**
- **R&D personnel from Industries**

Resource Personnel

- **Dr. T. S. Keshava Prasad**
- **Dr. Nandini A. Sahasrabudhe**
- **Dr. S. K. Shankar**
- **Dr. Ravi Sirdeshmukh**
- **Dr. Aditi Chatterjee**
- **Dr. Ramu Gundimeda**
- **Dr. Rajesh Raju**
